**PETITION UNDER 37 C.F.R. § 1.183**

Commissioner for Patents  
Washington, D.C. 20231

COPY OF PAPERS  
ORIGINALLY FILED

Dear Sir:

Applicants invoke extraordinary circumstances under 37 C.F.R. § 1.183 to waive the requirements of 37 C.F.R. § 1.10 to permit the Patent and Trademark Office to accord December 21, 2001 as the filing date for the above identified application. Applicants attempted to deposit by "Express Mail" the utility patent application with the United States Postal Service on December 21, 2001, however, the United States Postal Service refused to accept it as "Express Mail" and it was mailed out by first class priority instead. This petition is submitted with a statement by the person who attempted to deposit it as "Express Mail" on December 21, 2001. This petition was filed as soon as possible after Applicants received the return receipt postcard stamped with the U.S. PTO serial number, as per the instructions of Mark Polutta, Office of Patent Legal Administration (703) 308-8122.
